Objective

System Architect, Solution Architect, Senior Consultant

Work History

- 2019 Freelancer Senior Consultant**
- Jack Wolfskin
 - Data Analyst / Consultant
 - DWH Specialist
- 2018/2019 Freelancer Senior Consultant**
- Mars
 - Solution Architect for a data export interface to SAP / HANA
 - Operations and error analysis of CAS-SAP
 - Release Management
- 2017/2018 Freelancer Senior Consultant**
- Accenture
 - Solution Architect for a data export interface to SAP / HANA
 - Development of the solution
 - Special Matter Expert CAS-Accenture Software
 - CWS / Boco International
 - Setup of a data-mart for the internal support
 - Support for several SQL Server Performance problems and development of T-SQL Stored procedures for reporting tasks
- 2016 Freelancer Senior Consultant**
- Accenture-CAS
 - Solution Architect for a data export interface to SAP / HANA
 - Special Matter Expert CAS-Accenture Software
 - Customizing CAS 10 (TPM / TPO area)
 - Performance analysis and optimization in the complete CAS world for SQL Server and oracle
 - DZ Bank
 - Guidance and support for a POC for data archiving from Lotus Notes to the document management system D3
 - CWS / Boco International
 - Support and development for reporting tasks and ETL tasks
 - Local support
 - Data visualization of a Buderus KM200 and a Raspberry PI with PHP
- 2015 Free Senior Consultant**
- Accenture-CAS

- Quality assurance for functional and technical design of CAS solutions, code review, etc.
 - Special Matter Expert CAS-Accenture Software
 - Customizing CAS 10 (TPM / TPO area)
 - Performance analysis and optimization SQL Server and oracle
- DZ Bank
 - Development of several reports (lists, drilldown) for time tracking
 - Rhode & Schwarz
 - Support / operations of program controlled Lotus Notes application rollback from IML archived documents (based on a application written and sold in 2011)

2014

Free Senior Consultant

- Accenture-CAS
 - Quality assurance for functional and technical design of CAS solutions, code review, etc.
 - Technical Team leader and project management
 - Customizing CAS 10 (TPM / TPO area)
 - Performance analysis and optimization SQL Server and oracle
- DZ Bank
 - Support of an application for a Lotus Notes based document archiving system (based on IML)
- CWS / Boco International
 - Technical guidance for an existing data processing system (operative and DataMart) in the handheld area
 - Change of existing data processing procedures and re-implementation of existing SSiS tasks

2013

Free Senior Consultant

- Accenture-CAS
 - Technical Team leader
Customizing CAS7/8 (CPWerx) (CRM System for Retail Execution and Trade Promotion Management) with VB.Net, SQL Server 2008 / Oracle 10i/11i
- DZ Bank
 - Support for the usage of the IML Rollback System (new customer)
 - Recoding of an application for a Lotus Notes based document archiving system (based on IML)
- CWS / Boco International
 - Support and development of new ETL requirements within the data transport area from the handhelds to SAP (SSiS, SQL Server 2008)

2012

Free Senior Consultant

- Accenture-CAS
 - Technical Team leader
Customizing CAS7/8 (CPWerx) (CRM System for Retail Execution and Trade Promotion Management) with VB.Net, SQLServer 2008 / Oracle 10i/11i
- Fiducia
 - Bug fixing and operational support for the IML Rollback System
- CWS / Boco International

- Support and development of new ETL requirements within the data transport area from the handhelds to SAP (SSiS, SQL Server 2008)

2011

Free Senior Consultant

- CAS
 - Customizing CAS7/8 (CPWerx) (CRM System for Retail Execution and Trade Promotion Management) with VB.Net, SQL Server 2008 / Oracle 10i/11i
- Fiducia
 - Implementation of an automated Rollback System for restoring archived (IML) Lotus Notes Mails and preparation for the Import into a DMS System.
 - Redesign of a Lotus Notes based Archive Application.
- Hays AG
 - Creation of an expertise for the extension of the internal used CRM system "PVS". This extension also represents a prototype to bring the application to "State of the art" (Entity Framework, LINQ, WPF)
- CWS / Boco International
 - Implementation of a Datamart, which aggregates Data from Handheld Devices with SSiS and SSaS

**2009/
2010**

Free Senior Consultant

- Channel21 / CRM System
 - Database Definition for a CRM System
 - Data migration and SAP Article master file import
 - Synchronization of the needed data objects and definition of the migration scenario
 - Definition der Import Tasks
- Opti-Serv / HTS Deutschland GmbH
 - Start of Operation and extension of the Data Warehouse
 - Change Requests for the Data Supply of the CRM System
- CWS / Boco International
 - Implementing several SSIS Tasks for transfer of Handheld Data from and to SAP
- CAS
 - Customizing CAS8 (CPWerx) (CRM System for Retail Execution and Trade Promotion Management)

2008

Free Senior Consultant

- Opti-Serv / HTS Deutschland GmbH
 - Implementation of a Data Warehouse / DataMart (SSaS)
 - Data supply of the Cubes with SSiS (SSiS)
 - Report Definitions on the basis of the defined Data Marts (SSrS)
- AXSOne Inc.
 - Quality Assurance / Entwicklung im Bereich Lotus Notes

2005

Free Senior Consultant

- Opti-Serv / HTS Deutschland GmbH
Database Design (SQLServer 2005) for master file/contact data storage and development of the

- interfaces between SAP and the CRM System
- Implementation of the Im- / Export Tasks with SSiS
- Report Definition within the scope of Business-Intelligence

2004/2003 Free Senior Consultant

- CRM Planning for Opti-Serv / HTS Deutschland GmbH
Process coverage and Definition for the Implementation of a CRM Systems with Callcenter Support
- SUN Microsystems
Specialist for Compliance-Systems (C²MS)
- Daimler-Chrysler
 - Begleitung der Pilot- und Abnahmephase
national und international
Qualitätssicherung und
Entwicklungscoordination im Bereich eines
Planungs-Informationssystems auf Basis ARIS
und Domino

Umstellung auf Konzern-konforme Datenbank-Erzeugungsverfahren
DART

2002 Project Manager „Callcenter Applications“ at PRS/iunctio

- Project Manager and coordination in the overall project
- Project Manager and Developer „CCEAG Portal Site“ (Subproject)
based on Portal Technology BEA Application Server
- High Level Support in questions of System Architecture and
Monitoring (AIX)

2000 Department manager Domino (7 Co-workers) at PRS/iunctio

- Project Management
- Advisor for different domino seminars
- Marketing, Presales
- System Architecture and High Level Support for Lotus Germany in Connector Technology for Oracle, SAP
- Performance/Design Analysis
- Domino C-API Migrations

1998 Group leader Domino at PRS/iunctio

- Senior Consultant for Lotus Germany
- Domino Migrations from Windows -> Solaris
- Support/Analysis Tools

1995 Developer at PRS/iunctio

- Macro Languages (Amipro, Wordpro)
- C/C++
- OCL (IBM OpenClassLibrary)
- SQL (DB2, Sybase, Oracle)

1994 Developer at Metalevel

- Novel Netware 3.x /4.x
- Visual Basic
- C/C++ (MFC)
- SQL (Oracle, Informix, Access)
- Assembler 80x86

Experience

Special areas of interest	SSiS, SSaS, SSrS (SQLServer 2005 – 2019) CAS-CPWerx (CRM System) Performance optimization SQL-Server and Oracle Domino on Solaris, Domino C-API, Tasks und Hooks Domino Code/TCO Analysis Domino Migrations
Databases	SQLServer 2005 - 2017 Oracle 10 / 11 DB2, Sybase, Informix, MS-Access
Programming languages	C#, VB.Net Domino: Lotus Script, Formula (C/C++ API, Java API) XML/XLST Java, EJB C, C++ (MFC, OCL, OWL, wxWindows) SQL / PLSQL (JDBC/ODBC, native) Visual Basic, COM/DCOM Pascal Fortran Several Assemblers (Z80,80x86, 68000, 6805,...)
Server	Domino 4.5, 4.6, 5.x, 6.x, 7.x, 8.x (Development and Administration) BEA 6.1 (Deployment and Administration)
Soft skills	Team/Project Management Production of tender documents OOA/OOP (UML) Technical documentation/marketing
Training	Adviser (since 2000) - Professional applications with Lotus Domino - Domino and Java
Study Summary	- Theory of the simulation of linear differential equation systems, practical experiences by a term work "optimal regulation of dead time-afflicted systems of higher order". - Numeric computer algorithms within the range of the Matrix arithmetic, approximation, interpolation etc. - Microprocessor technology, general assembler programming, programming of micro CONTROLLER systems with emulators and real-time processing systems. - Analog and Digital control engineering

EDUCATION

School

May 1994		Diploma examination
June 1994	- Oct. 1994	Thesis (diploma) with intelligent Smart Cards
Oct. 1990	- May 1994	Study "Engineer Computer Science" at the University Kaiserslautern
July 1986	- July 1988	Specialized university-level graduation Telekolleg II
July 1975	- June 1979	Grammerschool Hofenfelsgymnasium Zweibrücken (Material graduation)
July 1973	- June 1975	Junior High school Zweibrücken
July 1969	- June 1973	Elementary school Maßweiler

Professional training

Jan. 1990	- Sept. 1990	Training as "Technique Computer Scientist" at the CDI Institute Saarbrücken (Fulltime)
Oct. 1988	- Dec 1989	Training as "Unix Software Developer" at the CDI Institute Saarbrücken (Partial time)
July 1983	- Jan. 1990	Career soldier (NCO) technical service of the German Air Force in Birkenfeld
Aug. 1979	- July 1983	Professional training as electronics engineer at "Karlsberg Brauerei" in Homburg/Saar

Seminars

Feb. 2004		Domino 6 Certification
Jan. 2001		Solaris 8 TCP/IP Network Administration
Feb. 1998		Object oriented Analysis Oracle 7
